

Dear Fellow Arkansan,

Meeting with Arkansans is the best part of my job, and I was pleased to [travel the state last week](#) to highlight USDA programs making a difference in the lives of Arkansas's families and children, and Recovery Act dollars that are putting people to work in Arkansas.

[View My Arkansas Photo Album](#)

My top priority is improving the lives of hardworking Arkansans who are struggling through tough economic times. As Chairman of the Senate Agriculture Committee, I'm putting Arkansas up front and center in Washington and bringing new investment into the Arkansas economy.

Across Arkansas, we are utilizing important Recovery Act and USDA programs to create opportunities that will lead to sustainable employment, home ownership and long-term health for our citizens.

During last week's travel, I was able to showcase Recovery Act dollars at work with visits to the Winthrop P. Rockefeller Cancer Institute Building Expansion Project at the University of Arkansas for Medical Sciences and the Arkansas School for the Deaf. I also visited the Boys and Girls Club of Saline County, which received Recovery Act funds to hire full time professionals, cover supplies and operating costs, and implement new programming.

I enjoyed meeting with so many Arkansans during my week back home. As always, please feel free to [contact me](#). I look forward to hearing from you.

With Arkansas Pride,

Senator Lincoln's
